

Abubakr Mostafa

SOC Analyst | Threat Hunting | DFIR

abubakr.s.mostafa@gmail.com | +966562271429 | linkedin.com/in/abubakr-mostafa | x.com/ocm_5

SUMMARY

Threat Hunting-focused SOC Analyst with hands-on experience in SIEM investigations, malware analysis, PCAP analysis, and threat intelligence-driven detection. Experienced in identifying IOCs, analyzing attacker behavior, investigating ransomware activity, and validating alerts across SOC workflows using SIEM & EDR.

EDUCATION

Bachelor of Cybersecurity

Umm Al-Qura University

05/2022 – 05/2026

GPA : 3.89/4

CERTIFICATES & COURSES

- **eCIRv2** (INE Security - September 2025)
- **eCTHPv3** (INE Security - August 2025)
- **eCDFPv2** (INE Security - April 2025)
- **eCPPTv3** (INE Security - April 2025)
- **eJPTv2** (INE Security - April 2024)
- **Unit 42 DFIR Bootcamp** (Palo Alto - May 2025)

EXPERIENCE

03/2025 – 07/2025

Cybersecurity Analyst (Intern)

Umm Al-Qura University – Cybersecurity Department

- Performed threat intelligence assessments on ransomware families, delivering mitigation strategies.
- Conducted log analysis and correlation using Splunk to validate alerts and support rapid incident response.
- Investigated firewall alerts and network traffic via PCAP to identify attack vectors and anomalous activities.
- Analyzed malware samples (reverse engineering & behavioral), extracting IOCs and producing comprehensive technical reports.
- Assisted in updating NCA ECC and DGA policies, realigning controls to support compliance with NCA ECC 2024:2 standards.
- Assessed external exposure across 20+ domains, reporting 5+ vulnerabilities with mitigations.

07/2024 – 11/2024

Cybersecurity Team Leader

Umm Al-Qura University – Computing & Cybersecurity Clubs

- Led workshops and CTF challenges on digital forensics, Linux, social engineering, and threat analysis for 50+ participants.
- Participated in public cybersecurity awareness programs, delivering sessions on safe internet usage, phishing awareness, password hygiene, and online security best practices.
- Presented a technical talk at a college TechTalk event on Capture The Flag (CTF) competitions, explaining their importance, structure, and value in developing practical cybersecurity skills.

CTF Bootcamp Instructor

Umm Al-Qura University

- Led the Cryptography track for a 5-day university CTF bootcamp, developing custom challenges. **(05/2024)**
- Delivered a specialized one-day cybersecurity training camp for Mawhiba high school students. **(03/2025)**

SKILLS

SIEM & Hunting: Splunk, Wazuh, Elastic, Wireshark, Alert Triage, Log Correlation, PCAP Analysis.

Malware & Forensics: Static/Dynamic Analysis, IDA Pro, Volatility, Autopsy, Memory/Disk Analysis, IOC Extraction.

Systems & Scripting: Linux, Windows, Python, Bash, PowerShell

Soft Skills: Analytical Thinking, Complex Problem-Solving, Technical Reporting, Team Work, Leadership.

PROJECTS

01/2026 – 04/2026

Automated Agentic RAG Threat Emulation Framework

Graduation Project

- Built a context-aware, intelligence-driven threat emulation pipeline leveraging Agentic AI and RAG to safely automate MITRE ATT&CK techniques via Atomic Red Team, validating detections and generating explainable reports to identify real defensive coverage gaps.
